REQUEST FOR ACADEMIC RECORDS OF DECEASED STUDENT

The Family Educational Rights and Privacy Act (FERPA) does not cover deceased students. The Office Records will evaluate each request for the release of a transcript or other academic records of a deceased student on the individual merits of that request. Millsaps College reserves the right to deny the request in whole or to release only part of the academic records that are requested. The decision will be based on what is deemed to be in the best interest of Millsaps College. Minimum requirements for any release of academic information include: confirmation of the student's death proved to the satisfaction the Registrar; a written request indicating what academic records are being requested, why they are being requested, and from whom it is being requested (news media, family, researcher, etc.).
